How to read it. Find your gross monthly pay in the first column. "Tax withheld" is scale 2, where you claim the tax-free threshold with this employer. "No threshold" is scale 1, used on a second job. Neither column includes a study or training loan repayment: a HECS-HELP, VSL, SSL or AASL debt adds a separate amount under Schedule 8. Amounts are rounded to the nearest dollar, as the ATO rounds them.
